

Whitening in  
**One Hour**  
 THE WHITEST WHITE THAT LASTS.™

## Ask your dentist how your teeth can be 10 shades whiter in one hour.

Restore your smile to its natural luster. Rembrandt Lightning Gel has been clinically proven to whiten teeth an average of 10 shades\* in one hour. It is safe and formulated to prevent sensitivity.

### BEFORE

Discoloration spoils an otherwise attractive smile.

*Dentistry and photography by Ross Nash, DDS.*

### AFTER

A whiter, healthier smile after a Rembrandt One-Hour Whitening treatment.

# Q & A

**Q: What causes tooth discoloration?**

**A:** Discoloration may be the result of genetics, medication, poor oral hygiene, aging, smoking, certain foods and beverages, or a combination of these factors.

**Q: Are you a good candidate for tooth whitening?**

**A:** People with most types of discoloration can achieve lighter teeth through the Rembrandt One-Hour Whitening Program. The type of stain you have will affect how much whitening you will experience. Ask your dentist how much whiter your teeth can be.

**Q: What is Rembrandt Lightning Gel?**

**A:** Rembrandt Lightning Gel is a 35% hydrogen peroxide formula. When activated by the Rembrandt® Sapphire™ or Rembrandt® Virtuoso™ light, an average whitening of 10 shades\* is achieved.

**Q: Is this whitening procedure safe?**

**A:** Absolutely! When used under the supervision of your dental professional, the procedure is safe and will not harm teeth or gums. The safety of the Rembrandt Program is supported by more than 20 research studies at leading dental universities.\*

**Q: What is involved in the procedure?**

**A:** It is always performed by a dental professional, so you can be assured that the procedure is safe. They will use either the Rembrandt Virtuoso or Rembrandt Sapphire Light, in conjunction with the Rembrandt Lightning Gel to achieve an average whitening of 10 shades.\*

**Q: Will I have to wear a mouth tray?**

**A:** Rembrandt Lightning Gel does not require the use of a mouth tray. This is a one-visit procedure that your dentist will perform. Rather than having to wear a mouth tray night after night, you will see results immediately.

**Q: How do I keep my smile white and bright?**

**A:** Daily brushing with Rembrandt® Plus™ Toothpaste is all you need to prevent loss of whitening.\*
