Estimated Payments and Insurance

Once you have been examined by one of our professional providers, you will be given an estimate of what your insurance will pay and what your portion of the procedure will be. It is very important that you understand that the Financial Arrangement being presented to you in only an estimate.

We will inform you of what we EXPECT from your insurance to cover for the procedure. However, after your claim is filed and payment is made from your insurance company, you may still have a remaining balance. If you have a deductible or your insurance has a yearly frequency restriction on the number of times a certain procedure can be done or the type of fillings you can get, our estimate can be substantially different from the actual insurance payment. In this case, you are responsible for any remaining balance on the account.

While it is our pleasure to assist you with your insurance filing, ultimately, it is YOUR responsibility to know your insurance limitations. Once the work has been completed, it will be YOUR responsibility to reimburse us for the services we have provided you, EVEN IF your insurance denies your claim.

The best way to avoid any confusion would be for you to contact your insurance company before having a procedure performed. The insurance company will be able to provide you with a comprehensive and accurate fee schedule, maximum allowance of charges, and deductibles.

We are in-network providers for your dental insurance through prior verification with our office ONLY. All other insurances are out of network.
